SUBJECT: Statement of Administration Policy/Talking Points
on House Omnibus Anti-Drug Bill, H.R. 5210

Attached, for your information, is the current version of the draft Statement of Administration Policy (SAP) on H.R. 5210, the House omnibus anti-drug bill. Also attached are proposed "final" talking points on the bill. They reflect, to the extent, practicable, all comments and revisions received through mid-afternoon on Friday, September 2, 1988. Neither the SAP nor the talking points should be released publicly until further notice. (They are under review at the White House.)

Please note these key changes over earlier version: the Shaw/Studds "innocent owner" amendments are addressed (support the former, oppose the latter); the Bliley amendment language has been modified to clarify that Bliley is preferable to the laboratory certification provisions in H.R. 5210; and the position on the McCollum highway aid/drivers license amendment has been changed from support to oppose (consistent with earlier decision of the concerned agencies). (Note: The position on the McCollum amendment is being checked with senior White House staff; if decision is made to stick with original decision to oppose, the Statement of Administration Policy, circulated earlier, will be amended accordingly.) Also, these documents only address issues on which it appears that interagency agreement has been reached.

Any additional changes/revisions may be FAX'd to this Office (FAX number - 395-3109) no later than noon, Monday (Labor Day), September 5, 1988.
